Bachelor of Science, Computer Science
The University of Texas at Austin
Turing Scholars Honors Degree
GPA: 3.8 / 4.0

The University of Texas at Austin

Turing Scholars Honors Degree

GPA: 3.8 / 4.0

Software Developer Intern
CodePartners LLC

- Created frontend and backend of web-based toolkit that provides clients with an intuitive and efficient way to manage data
- Developed toolkit using the Intacct API, ASP.NET MVC 4, C#, jQuery, HTML5, CSS
- Created cloud-based development and testing VMs using Windows Azure
- Created logo animations and video introductions using Blender

Fall 2012 - present

Division of Housing and Food Service, The University of Texas at Austin

- Provide front-line tech support to administrative users in offices, residence halls, kitchens, facilities shops, and University apartments
- Install and maintain computer hardware, software, printers, and other peripheral devices in a 200+ workstation business computing environment

Put research project stuff here

- Put stuff I'm doing here (in present tense)

Artificial Intelligence Honors Course: Pacman in Python

Spring 2014

- Implemented concepts in the A.I. field as pacman-playing intelligent agents
- Implemented algorithms for search (bfs, dfs, A*), multi-agent planning (minimax), reinforcement learning (Q-learning), tracking (particle filters), and classification (Bayes, perceptron)

Programming for Performance

Fall 2013

- Implemented vectorized, parallelized, and blocked algorithms for fast matrix operations and data visualization
- Implemented efficient graph algorithms and representations

Autonomous Intelligent Robotics: Freshman Research Initiative

Spring 2013

- Programmed segway robots to follow objects, detect and avoid obstacles, and plan paths in C++ using ROS and OpenCV
- Read and interpreted data from cameras, depth sensors, and laser range sensors

Operating Systems Honors Course

Fall 2013

- Implemented core OS concepts including threading, paging, and file systems

Programming Languages/Tools: C, C++, C#, ASP.NET MVC, JavaScript, jQuery, Java, Python, Visual Studio, L^AT_EX
Written/Spoken Languages: English (native), Mandarin Chinese (native), Classical Latin (beginner)
